Letter of Recommendation for Anuj Vinay Singh

26 / 07 / 2025

To Whom It May Concern,

It is an honor to recommend **Anuj Vinay Singh**. Anuj served as the **Team Leader** for the development of the Jacob Classes website, our coaching institute for students from Std 8th to 12th, and his leadership was absolutely instrumental in the project's success.

As a 3rd Year B.Tech student in AIML, Anuj demonstrated exceptional leadership and technical prowess. He excelled in **coordination with both the client and his teammates**, ensuring clear communication and a cohesive workflow throughout the project lifecycle. Anuj was directly responsible for **managing the frontend development of the Online Resources Page**, showcasing his individual coding abilities. Furthermore, his critical role in **compiling the work of others together, connecting the Sign-Up page to Google App Script**, and the **deployment of the website on GitHub** highlighted his comprehensive understanding of the entire development pipeline and his ability to integrate complex systems seamlessly.

Anuj's unique blend of strong leadership, meticulous technical execution, and problem-solving skills makes him an outstanding candidate for any challenging role. He consistently went above and beyond, and we are incredibly impressed by his contributions. We are confident he will be a transformative asset to any organization.

Sincerely,

Jacob Zachariah
(Head of Institute)

Jacob Classes Stamp
